

• FlavourPac •

Description

A food for special medical purposes.

FlavourPac are a range of powdered protein free flavours, available in **blackcurrant**, **lemon**, **orange**, **raspberry** and **tropical** options, containing carbohydrate, sugar, sweeteners and colouring.

Indications

The FlavourPac range is designed to be used in conjunction with Vitaflo's range of gel and express powdered protein substitutes for the treatment of inherited metabolic disease, from 1 year of age.

Dosage and Administration

To be determined by the clinician or dietitian and is dependent on the age, body weight and medical condition of the patient.

Suggested Dosage

With unflavoured gel;

- Add 1/2 to 1 FlavourPac sachet to gel powder sachet.

With unflavoured express;

- Add 1 FlavourPac sachet to express powder sachet.

IMPORTANT NOTICE

Must only be given to patients with proven inborn errors of metabolism under strict medical supervision.

Suitable from 1 year of age.

Not for use as a sole source of nutrition.

This product is a flavour and does not contribute to dietary management.
