For the relief of insect bites and stings and skin reactions
Do not use if you are allergic to any of the ingredients. Propylene glycol may cause skin irritation. **Caution** not suitable on animal bites • not suitable for children under 12 years • avoid contact with the eyes.
Directions Apply a small amount of gel to the affected area with a clean finger tip. Repeat up to 3-4 times a day, if required. Rarely skin irritation and sensitisation may occur. If symptoms persist, or any unwanted effects occur, stop using the gel and consult your doctor or pharmacist.

Reporting of side effects
If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed on this carton. You can also report side effects directly via the Yellow Card Scheme at: www.mhra.gov.uk/yellowcard
By reporting side effects you can help provide more information on the safety of this medicine.
